Description

Popular in period and immortalised by the popular TV series 'The Professionals', Ford of Europe's answer to the American Mustang is an increasingly sought-after classic - especially in 2.8 or 3.0-litre guise. The apparently very original matching numbers example offered has only ever had two owners and the indicated mileage of 69,580 is understood to be genuine. 'GFE 552T' has benefited from being Ziebarted from new, retains its original panels and paintwork and shows no evidence of corrosion or restoration inside or out. It boasts White bodywork teamed with Carla Brown interior trim and is now being offered complete with its original 'fishnet' Recaro seats, Ford main dealer history, previous MOTs and one valid into November next year. This fast Ford has recently been serviced and is currently considered by the vendor to have 'excellent' bodywork, paintwork, interior trim, V6

engine and four-speed manual gearbox. He further informs us that 'everything works and the car drives excellently'.
