Description

This is no ordinary 944 Turbo, having been meticulously improved and fastidiously maintained - all it needs now is a suitably caring new keeper. 'G886 PUA' is finished in Guards Red teamed with a Black interior and rides on genuine Design 90 alloy wheels shod with Toyo Proxes T1-R1 tyres. Every aspect of the body has received attention in the last few years and is presented in impressive order for its age. 21,500 miles ago all the mechanicals were treated to a comprehensive overhaul, during which the engine was simultaneously

blue-printed and tuned for increased driveability. The major components were overhauled and balanced and the unit treated to a new hybrid turbocharger, resulting in a higher boost and lack of lag - this raised output from 250 to 318bhp. The attention to detail and its desirable modifications make this a special example of a sought-after model and is offered with a large collection of invoices, old MOT certificates, original handbook and service book. Featured in a recent edition of Modern Classics 'G886 PUA' is offered with an MOT certificate into October 2018.

PLEASE NOTE: All estimates are subject to a buyer's premium of 15% incl. VAT (@ 20%)
