Description

- Restored c.2013/14 by Auto Impressions including new floors and outriggers
- Retrimmed interior in leather, rock n roll bed, engine overhauled
- Green / White with Green leather, RHD

'Barry' has been in its current ownership for seven years, during which this now exceedingly smart camper has been treated to a comprehensive restoration by Auto Impressions of Reading. Most of the Volkswagen's internal and external panels have been renewed, including the floor and cross-members, and all the running gear has been either replaced or refurbished; as has the car's original 1500cc engine. Once finished, the exterior was repainted in the original colours of White over Green,

while a new Green leather interior by Trimmania was installed complete with 'rock and roll' bed, cooker, fridge, sink and stereo. A period roof rack was also added and the suspension lowered by one inch for a superior ride. The vendor now unsurprisingly views the bodywork, paintwork, interior trim, flat-four engine and four-speed manual transmission as all being in 'very good' order and is now offering the Vdub complete with photos of the extensive work carried out.
