## Description

Transmission: 4 gears, Manual gearbox

Model year: 2021

Registration number: PO-78-89

We are extremely happy to be able to offer you this fantastic and very desirable 1964 Porsche 356 C. This was the last model before Porsche introduced the 911. This 356 has disc brakes on all four wheels, a sturdier stabiliser rod, modified hubs, rims and steering system. In comparison to the B-series, the gearbox synchronisation was much improved. The seats, dashboard and blower were also subject to improvement. One could say that the 356 C is the best of the whole 356 series. This is a Californian sourced car and has been completely restored. The bodywork is fantastic with tightly fitting panels and beautiful paintwork. The underbody is, thanks to the dry Californian climate, perfectly sound without any signs of corrosion. The car has been finished in her original 'Champagner Gelb 6405' with a wonderful black leather trim. She has her matching numbers,

original 616/15 engine. The engine produces 75 PS (74bhp) and was only in production between `64-`65. Truly this is a top example of a 356 C that has been restored to a production-line fresh condition! Gallery Aaldering is Europe's leading Classic Cars specialist since 1975! Always 300-350 Classic and Sportscars in stock, please visit [www.gallery-aaldering.com](http://www.gallery-aaldering.com) for the current stock list (all offered cars are available in our showroom) and further information.
