

CLASSIC DRIVER

Take your valentine on an adventure in this Land Rover Defender

Lead

As today is the day of love, there’s surely an overwhelming number of red cars spamming your social media feeds. But why be like everyone else? And if this Keswick Green Land Rover Defender doesn’t give you heart eyes, we’re not sure what will...

Valentine wishes

With cosy shag carpets, luxurious quilted leather seats, and room for at least five cases of Palmer & Co Champagne, who needs to go to a fancy restaurant for Valentine’s Day? This Land Rover has all the four-wheel drive romance you need. Recently converted to a classic spec by Lisbon-based restorer [Cool & Vintage](#) and currently being offered for sale by Automobilia Franco Lembo, this Defender is the perfect vehicle for a date night. And let’s be honest, is there anything more romantic than going for a drive in a winter wonderland, parking up on a hill overlooking your favourite city, popping some Champagne (responsibly, of course), and watching the world go by with the one you love?
