### Description

French registration papers

- Only 1250 cars built
- A genuine sports car
- Correct, original specification

The model we are presenting for sale was first registered on 16 April 1982. Finished in anthracite grey, it is in excellent overall condition to its correct original specification. Acquired by its current owner in 2009, it underwent a painstaking restoration, with comprehensive work to its bodywork and mechanical components. The engine was completely overhauled in 2017 at the Phega Sport garage by M. Houel, a recognised specialist in the Golf GTI Oettinger. More than €6,000 was spent to overhaul the engine, which is still running in. The body was entirely repainted and the ATS wheels completely refurbished by the Laubscher garage in Switzerland. Only the interior has been left in its original state, but it has nonetheless remained well preserved. This model with its safe, dynamic handling, which is difficult to find in its original specification, remains an icon of the Eighties. It

undoubtedly represents a rare opportunity to own a motoring legend whose value should increase in the years to come.

This car will be sold during the auction car sale organized by Claude AGUTTES Auction, which will take place in Lyon, France, on 1st July 2018.
