1998 BMW 750 IL

Lot sold	USD 0 GBP 0 (listed)	Drive	RHD
Year of manufacture	1998	Condition	Used
Mileage	75 928 mi / 122 195 km	Location	
Gearbox	Automatic	Exterior colour	Other
Lot number	TBA	Car type	Other

Description

"The BMW E38 is the third generation of the BMW 7 Series, which was produced from April 1994 to 2001. It replaced the E32 and was available with straight-six, V8 and V12 petrol and straight-six and V8 diesel engines. The E38 was the first car available with curtain airbags. It was also the first European car to offer satellite navigation and the first BMW to offer an in-built television. Safety features include ASC+T traction control, headlight washers, auto-leveling low beam Xenon HID headlamps. Side tubular airbags ('head protection system') were fitted as standard equipment. 'Active comfort seats' were introduced in 1998, to improve comfort and reduce fatigue for the driver and front passenger. This system used two fluid filled bladders which alternate in height. Other equipment includes electronic damper control (EDC III), power moonroof, rain-sensing wipers, dual zone climate control, electric driver's seat adjustment and electric steering wheel adjustment. Double glazed windows were available ('dual pane glass'). Break resistant laminated 'security glass' was also available, which is known to delaminate. The sport package included a sport steering wheel, sports seats, sports suspension, 'shadowline' exterior trim and unique wood trim for the interior. Some sports models also included a shorter differential ratio and higher stall speed for the torque converter."
