Description

For sale in our upcoming auction on September 16th at the Montreux Palace, exhibition on the Montreux Palace garden, from September 13 to 16. This Mercedes W123 is a 250 model, motorized by 2.5 liters 6 cylinders. It appears in a moca paint, with brown leather. The body suffers from no sinking and the paint is always good.

Very light bubbles begin to have to appear at the corners of windows and an anticorrosion treatment will be to plan, although it remains for the moment little developed.

Showing 88 ' 000 kilometers, our Mercedes is thus little measured in kilometers for this model and its functioning accuses no problem. The accelerations are linear but good, the caustic braking and the vehicle brakes straight ahead. The passenger compartment presents a beautiful maintenance and the vehicle still has its first-aid kit of origin, overlaid in the quarterdeck.

The current owner bought it about three years ago to being able to walk behind the wheel of a vehicle former but places it on sale today, because of a lack of use. Always stored in the dry in a closed garage, the owner paid attention that everything is made to maintain this vehicle in good condition.

With few kilometers, a state of very honorable preservation and a little current paint, this Mercedes 250 has another long life in front of her. More details of the car and registration for online or telephone bid here : www.galartis.ch / +41 21 695 25 25
