### Description

For sale in our upcoming auction on September 16th at the Montreux Palace, exhibition on the Montreux Palace garden, from September 13 to 16. Our Coccinelle is a Speedster version. However we were not able to know if it is about a home-made transformation or about kit Hoffman. This Volkswagen appears in an interesting using condition, but with a relatively pronounced patina. The seats, of origin, are very used and could undergo a refreshment, although they are always comfortable. The paint of the car appears well and its chromium are also in good condition, without strings. Flat 4 of this Coccinelle does not present any problem and the gear engages the wanted report straight off. Several works were made for sale, such as the replacement of the hood, the light alterations of paint at the level of the opening, and a revision of the engine, to propose a vehicle of the most interesting.

Beautiful Speedster version of so known Coccinelle, this model offers the advantage to drive a mythical vehicle, in a nice configuration. More details of the car and registration for online or telephone bid here : [www.galartis.ch](http://www.galartis.ch) / +41 21 695 25 25
