Description

For sale in our upcoming auction on September 16th at the Montreux Palace, exhibition on the Montreux Palace garden, from September 13 to 16. The presented Djet is a Matra-Bonnet Djet V in 1966 and showing less 35 ' 000 kilometers. Its follow-up and maintenance records give evidence of this mileage and the originality of its equipment. Proposed in a very beautiful livery " Amarante red ,? this Djet is in a very good using condition. Its various owners, 4 by counting the current owner, took care of the mechanics and its frame. The cockpit him was preserved in using condition and thus is polished.

The engine was totally put down and verified, to obtain an optimal functioning and avoid so any problem. During our road test, it stood out that one very smooth running of the 1108 cc of Renault's origin, which once its reached temperatures, gives the sensations of an old sports vehicle. The exemplary road holding of the vehicle gives evidence of the good condition of the rolling trains and of the suspensions which fill in the perfection.

An important record of follow-up accompanies the vehicle, as well as diverse parts, which will be supplied to the new buyer. Our Djet also has its FIVA ID card from 2017, as well as its old papers of circulation and exercise books produced by the first owner, illustrating the various mechanisms and

the functioning of the vehicle. With less of 1 ' 700 produced Djet, any confused series, Djet is a vehicle of a certain rarity, as it was little marketed. Our model imported in Switzerland and arranging of its title of Swiss circulation as Veteran conveys thus presents a strong interest in a collector fascinated by punnet French without having to submit itself to diverse control of ratification, or in the administrative and budgetary problems of any import.
