Description

For sale in our upcoming auction on September 16th at the Montreux Palace, exhibition on the Montreux Palace garden, from September 13 to 16. The presented 911 is a rare 993 RS Clubsport, assembled at the end of 1995 and delivered new in the AMAG concession of Winterthur in April 1996. Matching Number, this beautiful RS has been for 15 years in the hands of its current owner, who is the fifth buyer. Although several owners follow one another at the wheel of this 911, its maintenance and its follow-up were always made with rigor as shown by an important record of invoices as well as its pad of maintenance stamped in the Porsche brand or by Porsche specialists. The current owner, having traveled about twenty thousand kilometers in its steering wheel over the last 15 years departs from it today to pass in another vehicle. With only 41 ' 000 kilometers of origin and an exemplary follow-up, this Clubsport has a special place on the market. Its perfect both mechanical condition and esthetic place it in front of a number of its colleagues who would have suffered from very elaborate uses on a track.

The starting up is made immediately, and the clutch sticks immediately. Our road test highlights its excellent road behavior, the quality of its RSR suspension and the high level of yield on the motorcycle-propeller group. Reports take place very easily and do not suffer any hard point. Once warm, the 3.8 engine developing 300 horses comes smoothly to its maximal power, delivered at 6 ' 500 rounds per minutes. The whole bears the initials tubs Porsche.

993 RS particularly in its Clubsport version is today a real collectible piece and masterpiece of the Porsche collection. The condition and maintenance of our Clubsport as well as its low mileage allow it to be one of the most beautiful 993 RS Clubsport available on the market.
