Description

- Exceptional original condition
- First version of the legendary M3
- Only two owners from new

Icon of the 80s, the BMW M3 is positioned as the first M3 of the name. Eldest of the line and truly gifted in its category it will be fully designed for motorsport by the Motorsport Department of the Bavarian manufacturer and will be the basis of many evolutions more or less powerful and fitted with different body kits. Even equipped with its body kits the Bavarian remained beautiful and attractive. Victorious in Germany at the DTM championship, she participates and wins numerous rallies. In 1987, an M3 won the European Touring Car Championship and five other titles and finished second in 1988 in the European Rally Championship. From 1985 to 1990 BMW will sell about 17,000 copies of a real

race beast. Today very rare in good original condition, an M3 e30 is a rolling myth. No wonder the most beautiful examples are sold at high prices.

The M3 shown here is a 200 hp version released on 26/02/1988. Sold new by the BMW dealership of Corbeil (91) she will only know two owners in her life and will always stay in Ile de France. It is Alpineweiss color and is currently in an exceptional original state. The history is complete and limpid, the owners have always been careful, and the car has never experienced an accident. Today, the car comes out of overhaul (changing fluids) and has an original mileage of 162,000 kilometers on the counter. It is a real time machine: the registration is still the original one, even the radio station Blaupunkt is vintage and the plaid fabric interior is still in very good condition. Some vintage accessories of the German AC-Schnitzer preparer are fitted on the car, such as the exhaust, the beautiful profile mirrors and the steering wheel with three branches.

This is a rare opportunity that we present to you to acquire the idol of a whole generation that did not pass in careless hands.
