EXTERIOR

Arguably there is no other Estate that matches the visual impact or presence of the demonic C7 RS6

- a superior all purpose 550hp Monster. Coated in a shade of Suzuka Grey this colour suits the aggressive lines and almost military road presence of this uber estate.

The optional and arguably prettier pre-facelift Matrix LED headlamps sit outside of huge grilles dominating the frontal area, with satin black flics inset into the lower mesh diverting air to the brakes. A considered blend of matte black and carbon detail offers deliberate definition with mirror caps, sill surrounds and roof rails all set apart. With no heavy panoramic roof the driving dynamic is noticeably different on this C7 with the mass of weight centred lower in the vehicle.

INTERIOR

The interior space is beyond question when it comes to quality, fit and finish. Diamond quilted alcantara adorns the enormous comfort seats, an unusual option offering superior levels of both comfort and grip. Trick white lighting promotes further definition to the cabin space, with extended alcantara sandwiched by carbon and leather in the door cards. The theme extends to the exclusive soft touch wheel and gear lever, smooth, clean and free of bobbles.

A vast standard equipment list extends to Nav, Bluetooth and DAB radio with the latest in a long line of BOSE stereo systems doing it's very best to drown out that sonorous V8.

ENGINE & TRANSMISSION

Whether it's School on a Wednesday or Spa on a Weekend - the C7 has it covered. Sensational sound and pace defy the weight and footprint of the car, absorbing and addictive in equal measure with the Quattro 4wd generating huge levels of grip allowing you to exploit the twin-turbo charged V8 whether conditions are wet or dry. A bonkers OEM sports exhaust and raised mph limit feature as part of Dynamic Pack plus.

Audi Drive select allows the attitude of the gearbox and throttle to change significantly, with the cylinder on demand (COD) system temporarily switching off four cylinders during part-load operation a deciding factor for efficiency.

WHEELS, TYRES & BRAKES

The 20 inch wheels offer better balance with respect to ride / handling and in this case they are unmarked shrouded in ContiSport 5p rubber, all with reasonable tread remaining.

The RS brakes offer uncompromising performance; mammoth optional 420mm Carbon Ceramic 'dinner plates' are tasked with drawing the 1,950kg to a halt without fuss.

HISTORY FILE

This C7 was sold by Stratford Audi in September of 2013 and has had 2 private owners from new.
