The perfect example to drive and enjoy!

A dream for the Porsche enthusiast

The 1990 Porsche 944 S2 Cabriolet featured here is finished in a stunning factory correct triple black color combination and displays only 62,760 actual miles! The 944 S2 Cabriolet was a limited production model with just over 7,000 examples produced from 1989-1991. This stunning triple black example has been meticulously maintained. With low mileage and wonderful condition this 944 S2 Cabriolet is the perfect example to drive and enjoy. We are proud to offer this 944 S2 Cabriolet, from the penultimate year of production, to the most astute investor or enthusiast who appreciates the legacy of the Porsche 944. Ready to make an investment that you can actually enjoy? Classic cars have proven to be among the most resilient and rewarding investments in recent years with the Historic Automobile Group Index (HAGI) jumping 39% in 2013, 16% in 2014 and 17% in 2015 while posting gains of 467% over the last 10 years. Please contact one of our expert sales consultants at (314)291-7000 or info@schmitt.com for more information. They will be happy to give you a complete walk-around, supply you with a more detailed description and answer any questions you may have. Trades welcome. Financing available. Buy with confidence.

HISTORY OF THE PORSCHE 944

The Porsche 944 was introduced to the market in 1982 and was based on Porsche's successful 924 platform which featured a front engine and rear wheel drive layout. Porsche mounted the transaxle in the rear, providing a near perfect 50/50 weight distribution which made 944 one of the best handling cars of its era. The four cylinder engine featured revolutionary counter rotating balance shafts that gave the engine the smoothness of a six cylinder. 1989 saw the introduction of the 944 S2 powered by an enhanced 3.0 liter 16-valve engine with dual overhead camshafts that produced over 200hp. 0-60 time was under 7 seconds and top speed was in excess of 150mph. The S2 was the first 944 to offer a cabriolet with special body work constructed in Weinsberg, Germany. These exclusive models were produced in limited numbers and cost nearly \$47,000 when new - the equivalent of over \$93,000 today!
