You don't want to miss this sensational new Apollo 11 documentary

03 February 2019 | Classic Driver

Billed as a cinematic event 50 years in the making, this new documentary chronicling man's first mission to the surface of the moon is poised to land in this, Apollo 11's 50th year. And with reels of unseen 70mm footage, it looks like it's the cinema or bust for this epic journey to outer space...

The human race's proudest moment?
