Description

This BMW Alpina B12 5.7 (E30 M3) from 2000 is in a very good condition. This is a very unique one. This Alpina B12 5.7 is based on the BMW 750i E38 and also one of the latest Alpina models with a V12, which delivers around 385 horsepower in this car. In total there are only 202 of this type made, of which 59 with longer wheelbase and this is 1 of the 59 pieces. This concerns number 3 and is therefore very rare and unique. The car is a real collectors item and one that will increase with value because this is one of the last Alpina models with a V12. First admission to license plate is 12-10-2000. Car is rich with options. To get a good picture of the lot we advise you to come to one of the viewing days.
