### Description

This BMW 740iL (E32) from 1993 is in a moving condition. After a long time BMW produced a V8 again in the early 90s. This 740iL from Japan with very low mileage is in an unrestored rust-free condition. It is a car with comfort and a sea of space. The 740 was an icon at the time. As a bijtellingsauto very suitable, the add-on is very low by the youngtimer scheme. Of course also very useful as an everyday car for the private. To get a good idea of the lot, we advise you to come to one of the viewing days.
