Number of seats	2	Fuel type	Petrol
Drivetrain	2wd	Exterior colour	Other
Lot number	24769985	Car type	Other

### Description

---

This classic car is for auction at online auction platform Catawiki. Please click here to place a bid and to find more information about this. This original Triumph TR6 PI was factory delivered in this special colour. The car received 20,000 euros (verifiable) worth of maintenance in recent years. The car is among others fitted with a new injection system, a fuel pump, etcetera. The TR6 was originally delivered new from the Netherlands to Belgium where it was first used. This first owner exported it back to the Netherlands after relocating. The second owner had the car as of 2007. This unique PI, assembled in Belgium (only +/- 400 copies), of course shows some traces of wear but both the interior as well as the exterior look neat. The car has been fully documented (history and maintenance/restoration invoices in two folders) and has never been welded. The exterior partially fitted with a new layer of lacquer. In short: a beautiful European TR6 PI good for years of driving enjoyment. The car can be viewed and picked up in Heerde, the Netherlands.
