This Bentley is the pinnacle of luxury driving. This masterpiece of open-air touring was never more exclusive high-end luxury than the Bentley Azure. It was equipped with the same high-output 6.8L V8 as the \T\ series with sport-tuned suspension, giving it better road-holding without giving up the legendary smooth and solid ride. The Azure received absolute epitome amount of luxury and elegance as it was being totally hand-built with all the usual features you would expect.

With only top-quality leather being used and hand rubbed veneers combining with just the right amount of polished chrome to accent the design without being overbearing.

This distinctive colour palette is finished in British Racing Green exterior and soft touch hand stitched Connolly Magnolia leather interior, with an all contrast extended leather dash top, inner portion console and the centre steering wheel all hand-crafted in leather and cross banded timber veneer on the facia panels extending to the rear, further illustrates the kind of craftsmanship that goes into this extraordinary luxurious hand-built automobile.

Factory equipment includes power memory heated seats, power locks, power windows, power tilt wheel, a power top, auto climate control, cruise control, AM/FM/CD stereo, mesh grill with chrome surround and polished chrome wheels.

A stunning example of this very rare Bentley that has complete documented detailed authorised Bentley service history from new. All Bentley log books, maintenance service records, complete Bentley handbooks. This absolutely spectacular, super rare, handcrafted and exotic convertible is unique and suits the most astute buyer

The Azure was produced between 1995 and 2003. It was not only a luxury car, but also a serious performance car, capable of reaching top speeds of 241km/h and accelerating from 0-100 in 6.5s.
