Porsches 911 range took over from the successful 356 in 1963 and has been considered the best driver's car's ever since. Years of development have resulted in Porsches latest masterpiece the limited edition 911R.

This example is number 699 of 991 made it's simply one of the best cars Porsche has ever made. With only 29 examples delivered to Australia they sold out instantly. Designed with total driving pleasure in mind every aspect of the 911R was focused on weight reduction and performance. The lightest road Porsche available using magnesium, polycarbonate and carbon-fibre to save weight makes it 50kg's lighter than a GT3 RS.

The performance from the flat 6 non-turbo engine is staggering with 368kw it reaches 200km/h in 11.6 seconds and on to 323km/h. The 6 Speed manual is considered one of the best pieces of engineering Porsche has ever put into a car. Equally impressive braking courtesy of carbon-ceramic brakes and rear wheel drive offer classic Porsche feel. Painted in silver with black highlights and beautifully designed 20" rims fitted with Michelin performance tyres. The interior is a mix of modern meets retro with carbon-fibre seats with leather and classic tweed inserts capturing elements of past models. Amazing quality and detail throughout.

Presenting as new this car will please the fussiest of buyers.

An instant classic with only 28 remaining in the country here's your opportunity to buy the best modern drivers Porsche available.
