Of the 801 examples produced, only 52 were right hand drive. This example is an original matching numbers car and comes with a full folder of history to prove its genuine 20,320 miles from new.

Fully documented itemized receipts folio, fully documented itemized service invoices folio, original handbooks and manuals, brochures, certificates, spare keys, Ferrari club Australian documentation and a file of paraphernalia verifying prominence.

With 1960's front engine V12 Ferrari's becoming harder and harder to obtain, and with international auction market results recording figures close to the million dollar mark we feel this is heavily undervalued. Now is the perfect time to put your name on a piece of motoring history.

This is a unique opportunity to secure a very special rare V12 Ferrari that's increasing daily in value and sought out by classic V12 Ferrari purists worldwide. The perfect addition to your Ferrari collection, must be seen to be fully appreciated.
