Description

This classic car is for auction at online auction platform Catawiki. Please click here to place a bid and to find more information about this. Jaguar XJ6 from 1988 in good general condition. 6 cylinders in line engine of 3,600 cc with 200 CV of power. With all the extras of the model and five-speed manual transmission (very few manufactured with manual gearbox). Flawless paint, impeccable chrome, leather upholstery in very good condition. It has central locking, four electric windows, air conditioning, running everything correctly and in very good overall condition. It keeps its original set of tools. As defects, it has the front window slightly chipped and two spots in the side windows (it can be seen in the photos). Rust-free. Mechanics works correctly, it would only be necessary, for peace of mind, to change oil and filters. It doesn't have radio. It is temporarily unregistered due to lack of use but it is started and moved frequently, everything works correctly. It can be delivered with valid MOT, prior agreement. 208,000 km in the odometer, they may be real but the service book is not available. The car is located in Ponferrada (León), Spain. Offers do not include transport or exportation, unless otherwise noted.
