### Description

This classic car is for auction at online auction platform Catawiki. Please click here to place a bid and to find more information about this. The Porsche 911 is the best known sports car from car manufacturer Porsche. This Porsche 911 SC 3.0 L Sunroof Coupe is restored in 2018, the car is technically fully okay, with Dutch license plate and Dutch Periodic Vehicle Inspection (MOT), and the (matching numbers) engine is completely reconstructed (see photos), and in addition, the car also was optically fully addressed. Additionally, the car features the original (matching numbers) transmission. In 2018, the car was professionally repainted in the Netherlands with the original new and unique paint, colour code # 879 Indiana red metallic. The original leather was also restored and the car was equipped with a new headliner and a new quality carpet set in the original colour (also the boot). The Porsche was never welded in the past, this is a rock solid original car. Therefore, the basis 'for the restoration' was a driver quality car in a good condition. The new paint is the first new paint since the purchase in 1980, and the leather upholstery is still original. The car has only been driven for a few kilometres (approx. 2 to 3 km) since the 2018 restoration. Perhaps superfluous, but the engine idles nicely, accelerates powerfully and the Porsche shifts smoothly through all gears. Further, the car is stunning in its original paint colour and the car is technically okay. It is rare that a Porsche 911 in this condition is offered, this is a true collector's item and in the current increasing Porsche market it is also a

solid investment. This Porsche is becoming more rare and sought-after, so do not miss the opportunity to become the owner of this beautiful classic car.
