| Interior type | Leather | Electric windows | Yes |
| | | ABS | Yes |

Description

Wedged between the 3.2 Carrera G-series and the 993, the 964 was Porsche's 911 offering during the first half of the 1990's. Their turbocharged variants were direct successors to the 930, this time revised with power steering, ABS and far less turbo lag than its predecessor. This package of power, reliability and refinement make for the ultimate daily driver 911.

This German-delivery 964 3.6 Turbo, one of the 1,437 built, has covered less than 45,000 kilometres and has been superbly maintained.
