Description

This unique Camaro 2SS 1LE was never available in the Netherlands and is now offered for auction. In 2014, only 533 Camaro's 2SS 1LE were built by Chevrolet in this white-black color scheme. The 1LE Track Performance Pack is delivered from the factory and transforms the Camaro 2SS into a track-ready sport coupe with sublime braking, steering and grip properties! The Camaro 2SS 1LE is based on the sporty options of the Camaro ZL1 (except for the supercharged engine). The LS3 6.2L V8 delivers 426hp via a manual transmission. Compared to the normal Camaro 2SS, the anti-roll bars are enlarged on the 1LE, a stabilizer bar is mounted between the two front wheels and black aluminum 20-inch wheels are mounted with 285 / 35R-20 tires around. Furthermore, the large fuel pump, wheel bearings, brakes, shock absorbers, dual exhaust system (let the V8 roll sound nice!) And the short throw shift 6-speed gearbox of the Camaro ZL1 mounted. The 1LE is finished on the outside with a black hood and extra large front and rear spoilers; stickering makes this Camaro complete. This Camaro 1LE is from the 1st owner who bought the car in the USA and imported it to the Netherlands himself. The car has few kms and is always dealer maintained. The car is BPM free. An extra thick Muscle Car that is guaranteed to lead to a lot of rubber necking! The following are Camaro 2SS 1LE specifications. Engine: 6.2-liter LS3 V-8. Power: 426 hp @ 5900 rpm. Bake: 6 gears manually. Tires: Good Year Eagle F1 285 / 35R-20. Further Details: Electrically adjustable seats, Heads-up display on the windscreen, Bluetooth connection telephone & audio, Boston Acoustics 9

speaker system, Reverse camera & park assist, Alarm installation with GPS tracking - class 4 (subscription paid until July 2019) , Dealer maintained. All maintenance booklets are present. The MOT is valid until July 2019.
