Description

This Citroen ID 19 FA is in a good driving condition. Both the interior and exterior look good overall. There is a lot of documentation available. The car was originally delivered as Ambulance Usine and was actually used as such until around 1980, after which it was still used privately as a family car. The current owner is the 2nd owner and owns the car since 1998. The car was valued at 32500 in September 2017. The car is equipped with a DX2 engine 2175cc and 5-speed gearbox (LPG). Immediately after purchase, the coq was restored and treated with linseed oil and the sheet metal was restored between 2002 and 2009. The car is hard and rust-free and recently treated with linseed oil. The entire history of the car is known, including photos of the first owner. To get a good impression of the lot, we advise you to come to one of the viewing days.
