Description

Chassis no. 114BS204832

Engine no. 114B006*098252 Entirely Italian history and original black, square license plates. Original logbook.

Produced in 1968 and registered in 1969.

Still with original engine.

An example of the coveted S version, equipped with two dual-barrel carburetors.

Coming from an important collection, recently undergone a painstaking restoration, with attention to all its components.

Painted in elegant "Argento Metallizzato" (metallic silver) over red leather interiors, both still original; this is considered the most attractive color scheme for the 2300 S.

Perfect mechanical working order, suitable for frequent use.

2.3-liter, 6-cylinder engine delivering 136 HP. It has 4-disc brakes and a four-speed gearbox, all synchronized.

The car's still modern-looking lines were penned by Sergio Sartorelli for Carrozzeria Ghia of Turin.

One of the most refined vehicles produced by FIAT in the 1960s. Comfortable and practical, even by today's standards.
