- Comprehensive service history with dealer stamps corroborating the indicated 48,000 miles
- Recent attention and upgrades by Aston Martin Stratstone

Revealed at the 2006 Los Angeles Auto Show on Wednesday 29 November, Aston Martin Chairman and CEO, Dr Ulrich Bez said: "The V8 Vantage Roadster is a pure sports car, a car that heightens the senses and provides a dynamically thrilling driving experience". Perfectly proportioned, with a low purposeful stance, the Vantage Roadster is uncompromisingly modern yet also incorporates classic Aston Martin design cues. The elegant lines are fused with traditional craftsmanship and striking 21st-century style, with an interior hand-trimmed and finished in the finest quality genuine materials. The Vantage Roadster delivers exceptional performance with careful development and engineering

ensuring that the Roadster equals the achievements of its Coupe sibling, with 0-100km/h (62mph) achieved in 5.0 seconds (0-60mph in 4.9 seconds) and a potential maximum speed of 280km/h (175mph). Supplied new by Harwoods Aston Martin in Chichester in 2007, this exciting original UK, RHD V8 Vantage Roadster was first registered on 17/07/07 and is stunningly finished in Quantum Silver with a dramatic Kestrel Tan interior and 19" Onyx Black alloy wheels. It was optioned from new with a sportshift automated manual transmission, Xenon (HID) headlamps, heated seats, passenger seat height adjustment, memory seats, battery conditioner, powerfold exterior mirrors, auto-dimming interior rearview mirror, integrated GSM telephone, a satellite navigation system, sports tyres, and 19-inch alloy wheels. Both sets of keys are with the car as are its original handbooks and stamped service book, along with receipts detailing regular maintenance and attention from the Aston Main main dealer network. 27/10/07 - 724 miles (Harwoods Aston Martin) 17/03/09 - 1,247 miles (Harwoods Aston Martin) 08/02/10 - 11,782 miles (Harwoods Aston Martin) 07/02/11 - 16,500 miles (Harwoods Aston Martin) 15/03/12 - 20,348 miles (Harwoods Aston Martin) 02/05/13 - 24,242 miles (Harwoods Aston Martin) 01/07/14 - 28,581 miles (Harwoods Aston Martin) 16/07/15 - 34,039 miles (Harwoods Aston Martin) 06/04/16 - 38,444 miles (Harwoods Aston Martin) 16/03/17 - 42,306 miles (Harwoods Aston Martin) 08/03/18 - 47,300 miles (Harwoods Aston Martin) Stratstone Aston Martin Western Avenue, London carried out a health check in September 2018 at 48,173 miles and it has recently been fitted with a brand new battery and upgraded windscreen wipers. These cars are Aston's answer to the Porsche 911 and are more compact and overtly sporting than the DB9. The 4.3-litre quad-cam V8 provides brisk performance and a distinctly extrovert soundtrack - best enjoyed in the Roadster - which is exactly what we have here.
