Description

"The R230 generation of Mercedes-Benz SL Class was introduced at the 2001 Frankfurt Motor Show and 2001 Bologna Motor Show, replacing the R129. The R230 underwent revisions in 2006 and 2008, and was superseded by the new SL Class R231 in 2011. The SL600 is the highest output version of the non AMG SL Class models. It uses a V12 engine which produced 493bhp, thus making it a very rapid luxury sports car with 60mph achieved in just 3.6 seconds when tested by Car and Driver despite the factory stating the figure at more modest 4.7!

This lovely example is presented in brilliant metallic silver with contrasting Anthracite Nappa perforated leather interior. This stunning car has one previous keeper from new and boasts a superb specification. It has five 18 alloys (freshly refurbished and shod in with Michelin tyres), panoramic glass roof with Alcantara headlining, Bi-Xenon headlights, multi contour seats, Comand navigation system, wood trim and gear selector, ABC suspension, premium sound and CD Changer. The car is also a keyless model. It has TV tuner installed, heated and cooled seats, memory package plus all usual SL600 refinements. This car was ordered new by Mr. J. Froud who paid a whopping £98,851.37 in June 2003 through Mercedes-Benz of Reading, the car has been serviced through the main dealer network since then, at the following intervals 15873, 27234, 40146, 55560, 66205, 77003. The car is presented with two keys, its correct Mercedes-Benz book packs, the original wind deflector and it is also supplied with its original SL600 luggage which is extremely rare."
