### Description

This Volkswagen T1 bus from 1965 on Dutch license plate is equipped with safari windows on the front, a fully customized audio system, measured exclusively for the space and used materials of this bus. The audio system, which can be operated from both the front and the rear, is equipped with two JBL amplifiers, 2x JBL woofers, JBL tweeters and multiple JBL speakers built into a certain position to produce optimum sound. The bus has run 938KM with a newly built-in 1,600 cc, double carburetor, air-cooled full chrome engine. The new leather interior is a combination of gray leather on the back, white trim and, depending on the web, perforated or closed leather. The panels on the inside of the bus are made of the same gray leather as the rear of the seats. To get a good impression of the car we advise you to come to one of the viewing days.
