## A trip back in time at the Porsche Museum with Arthur Kar

27 July 2019 | Jan Baedeker

*You might know our friend Arthur Kar from his collector car consultancy and automotive fashion crossover brand L'art de l'Automobile – but only a few know that he actually started his career at age 16 as a car mechanic at Porsche...*

For the first official collaboration between Porsche and L'Art de l'Automobile, Arthur returned to Zuffenhausen and spent a day with the glorious cars at the Porsche Museum. Congratulations, Arthur — that's what we call an amazing career!
