		Exterior brand colour	Black
		Interior brand colour	White

Description

1998 BENTLEY AZURE CONVERTIBLE 345 hp TURBO #WCX61611 32,583 MILES

We are delighted to offer this immaculate example recently re-acquired from its meticulous owner, strikingly finished Black Garnet with Parchment hides piped Wildberry to match the dashboard top roll and convertible roof. This very special automobile is among the most tastefully optioned specimens weve encountered.

Largely influenced by the limited production Mulliner RT series long wheelbase sedans of the era, the appearance package includes: LeMans style front wing vents, stainless headlamp surrounds, 18 chrome alloy wheels, winged B motifs to the headrests and waist rails, chrome instrument bezels, standing winged B mascot with accompanying center molding to the hood, drilled alloy pedals and the very rarely seen optional jeweled fuel filler cap. The hand painted fine line striping which includes a stylized winged B is a particularly elegant tribute to the taste of the original enthusiast owner.

It was acquired by us and resold as a one owner car January 14, 2000. It has never been resold since by any other dealership. There are no known defects to any mechanical aspect of this thoroughly

prepared delightful performer. The books and tools are complete.
