### Description

Transmission: 4 gears, Manual gearbox

Model year: 2019

Registration number: 18-YB-99

This very nice MG B GT was supplied to the North American dealer on the 22nd December 1972 and registered for the first time in early 1973. It is an original LHD car. Midway through 1991 the car was registered in England. Early 2005 the car came to the Netherlands, where it was fully overhauled and restored. No expense or effort was spared to reach an outstanding result. The splendid bodywork is straight with perfect fitting body panels. All the chrome-work is as good as new, including the grill struts, and the paintwork too is excellent. The black leather interior trim is likewise of a splendid quality. This car also benefits from 1-2-3 electronic ignition and a Kenlowe fan. Throughout its life this car has been extremely well documented. There are many invoices detailing the work undertaken, inspection papers and English MOT's present. Following the restoration the car was registered in the

Netherlands on the 11th October 2005. The last owner has kept the car for over 14 years. This is a prime example of a very well restored MG B GT, which is ready to take to the roads! We rarely have the pleasure of being able to offer such a lovely GT, especially a restored one!
