Description

This Cadillac Seville 5.7L from 1978 is in a moving condition. The car is rust-free and looks good in terms of both interior and exterior. There are various bills present. The car was imported from the USA in 2017. After the car arrived in the Netherlands it was parked. An LPG installation was installed in 2018. In the end it was driven for 6 months (little). Partly due to unforeseen changed working conditions, the car was no longer used. The car will be fitted with a new crankshaft in 2018. The car needs to be aligned and there are a few (small) places where the paint has jumped off. Among other things, the driver's door can use new door seals. To get a good impression of the car we advise you to come to one of the viewing days.

This car will be part of an online auction from our location in Uithoorn. Bidding starts at € 1.000,-. There will be three viewing days in Uithoorn.
