Description

At the highest point of a rocky promontory and enjoying a unique geographical location in watchtower, the charismatic architecture of this prestigious villa is enhanced by its stone construction and takes shape on your arrival to the rhythm of a path lined with florentine cypress trees.

In a very airy atmosphere, the interior/exterior spaces blend together and offer essentially five bedrooms with independent access and open to 350 m2 of deck, including a covered summer kitchen area and an overflow swimming pool. The choice of dining on the terrace is obvious and offers you, in the evening with the lights of the boats at anchor, the magical spectacle of a starry sea.

Sublime, the most incredible view of the bay of Saint-Florent belongs to you and invites you to a

sumptuous travel.

Exclusive mandate.
