Description

2001 - Renault Avantime V6

Chassis n°: VF8DE0T0624394826

French registration papers

- Ex-demonstration car
- One the first built
- Attractive estimate

The Avantime we are interested in here is a V6 model put into service on June 07, 2001, which is one of the first examples manufactured. It was ordered by the Renault dealership in Tours with all options and was used as a demonstration car. It was sold in 2003 by the RFA Val de Loire garage while the meter shows a little more than 15,000 km to Mr de la F. This owner will keep his atypical car until 2018, date on which M. C. acquires it. The car was always carefully maintained in the Renault network. Recently a complete paint of good quality was applied, and the front tires changed. The overall condition is very good, and the odometer shows 133,000 km. The road test will reveal a still fresh car and a healthy engine. The gearbox also works perfectly. The roadworthiness test less than 6 months old is valid and the car is ready to go. Renault Avantime are now authentic collector's items and can be used on a daily basis for those who like to be a little different in current traffic.

ESTIMATE : 5000 / 8000 €

This car will be sold by auction by AGUTTES Auction House, in Lyon, France, on November the 9th, 2019.
