Gearbox	Automatic	Exterior colour	Other
Lot number	132	Car type	Other

Description

"During the winter of 1967/1968, Mercedes-Benz launched its new generation of vehicles. This new model was known as the Stroke Eight. With its improved performance the new 280S could achieve 0-60mph in 12.5 seconds and push on to 115mph. A better arrangement of cylinders and filters improved both cooling and economy. The outstanding qualities of this new vehicle shaped a whole generation of cars. Today it is an established classic.

The particular model on offer today is presented in the rare specification of metallic Sky Blue exterior with luxurious blue leather interior. This 2.8 litre 280S comes in righthand drive with the desirable four speed column shift manual transmission, and a mere 103,000 miles on the odometer. Being a historic vehicle, this 280S is both MoT test certificate and tax exempt, this is a rare opportunity to own a desirable and appreciating German classic.

*Interested parties should note that the owner's personalised registration number is on retention and not included in the sale.
