2004

Description

From the private cellar of a Roman collector SF: A great lot of an extremely great wine. Casanova di Neri's Cerretalto di is one of the world's most award-winning, a selection which is very well known in the United States, where it is considered one of the denomination's most interesting. The 2004 is up to these high expectations, an excellent year well suited to lengthy ageing. A very interesting auction starting price. (2 bts)
