2002

Description

From the collection of a wine dealer SF: Cristal appeared during the second half of the nineteenth century to meet the demands of Czar Alexander and, ever since, has been produced only in the great vintages. Chardonnay (at 60%) and Pinot Noir (at 40 %) are the vine varieties that make up this noble cuvée that has become a symbol of excellence. The vintage 2002 is great and has therefore obtained the denomination Cristal. (1 bt 6 Lt.)
