A unique 1985 De Tomaso Pantera GT5. This is an authentic GT5, supplied from new to Switzerland on the 12th April 1985. Of the 252 GT5`s produced only a few were destined for the European market, this is one of them. It has the correct and original Ford 5.8 V8 engine. It has never been restored and has retained all of its original details. It has a mere 23,236 km on the clock! The car comes with a clear history and has the original 'Certificato Di Garanzia' booklet and the old Swiss registration papers. Naturally, being Swiss, it has been maintained with Swiss precision. This is reflected in the flawless and perfect working order the car is in. The beautiful bodywork has good-fitting body panels with a good finish to the paintwork. The interior exudes the correct amount of

expected patina. The underbody is totally rust free. In short; this is an original, not a remodelled, low mileage GT5 with a proven provenance!
