Description

997 GT3 RS 4.0 046/600 for sale.

This 4.0 RS was first delivered to Porsche Center Madrid, Spain, in spring 2011. It wasn't sold in Madrid, as there weren't enough buyers for this car when it was launched in Spain, so given that in Germany there was a very high demand for the car, the car was brought to Germany and sold to its first owner. The first owner was a collector that never used the car. In 2017, the car was sold to another collector that drove just over 1.000km with the car, and decided to sell it again in 2019, when we bought it.

The car is presented in first factory paint, with a very special configuration, without the M003 Clubsport package, so the car has the original optional Carrera GT Bucket seats, but it hasn't got the roll-cage. Very few 4.0 RS's were delivered like this. Together with the extremely low mileage of the

car, might make it one of the most attractive 4.0 RS's in today's market.
