Description

Beautiful Mercedes Benz 250S W108. Delivered new in Switzerland on September 15, 1967 and been in the possession of one owner for over 40 years. The car is "typically Swiss" perfectly maintained, preserved and documented. Invoices from 40 years old to the present are therefore no exception. The body is beautiful, the sheet metal tight and all fits are good. The paintwork is very beautiful, as well as all chrome details and trim. The bottom is rust-free. The 250S is manual and has a "floor shifter", power steering and an electrically operated sliding roof. Executed in the color "Milanbraun Metallic" with a beige leather interior. The interior, just like the rest of the car, is very original and well cared for. In short, a beautiful European 250S W108 with a lot of history. To get a good impression of the car we advise you to come to one of the viewing days.
