Description

Unique Rolls Royce Silver Dawn 4.6 Liter Four-Door with bodywork from Ghia. This is the only left-hand drive with a body designed by Ghia. In total there are only two made !! This is a unique Rolls-Royce Silver Dawn, the bare chassis was transported to Ghia Turin, Italy on February 14, 1952, where a handmade body was made especially for these Rolls. The Rolls Royce was delivered new by Martorelli on 7 June 1952 to a special owner, namely Countess Contessa Ida Matarazzo. Shortly after delivery, the Rolls was exhibited at the Villa Borghese Competition, where the car won the grand prize of honor. In the late 1950s, the Countess had the back of the Rolls adjusted. The tailgate and the car were extended by 20 centimeters / adjusted for more luggage space. In 1973 the Rolls Royce was sold to Sr. Pantanella. A few years later, the car was sold via the Frey collection in Switzerland to the then president of the German section of the Rolls-Royce Enthusiast Club, living in Munich. This owner owned the Rolls until an American took over the car in 1983 and had it completely restored in Zurich, Switzerland. The body is beautiful and has neat fits. At the beginning of 1989 the car came into the hands of the last owner, who kept it in his possession for almost 30 years! As you read, the entire history is complete and all owners are known. The Rolls Royce has also been carefully documented and is featured in various books and magazines. In short, a unique opportunity to get hold of this one-off Rolls-Royce. To get a good impression of the car we advise you to come to one of the viewing days.

This car will be part of an online auction. Classic Car Auctions organizes the annual online auction on behalf of Gallery Aaldering. This time more than 200 classic cars from the Warehouse are being offered for auction. Bidding starts at € 1.000,-. There will be six viewing days in Brummen.
