Description

Alfa Romeo Giulietta 1300 spider from year 1960. The car is from Switzerland and is in a very nice condition. This is a 1300 Giulietta built in 1960, so the car has a 5 cm longer wheelbase than the early models (before 1959), which greatly improved the seating position / interior space. Restored and technically revised a few years ago with an eye for detail and attention to originality. The body is beautiful, has sleek sheet metal and the fittings are good. The underside is beautiful, original, solid and completely rust-free. Also, the car is always perfectly maintained in the "Swiss" way and therefore also working and driving well. Very nice and especially original copy with a longer wheelbase! To get a good impression of the car we advise you to come to one of the viewing days.
