- Two owners from new

- Exceptional style and performance
- Only 18,000 km from new

This superb 8C was sold new in Italy on 5 October 2009. Its first owner, a lover of beautiful automobiles, kept the car until 2014 until it was sold to the current owner. It has since been driven close to 5,000km enjoying its sonorous V8 developing 450hp and its incredible design. The 6-speed robotized gearbox and short wheelbase make it possible to make the most of the engine's power. The car is painted in "Rosso 8C" red over a black leather interior with red stitching and is equipped with a black canvas soft top. Today the odometer displays 18,000 km and the presentation of this car is particularly satisfactory, reflecting its careful use. The car has just benefited from a mechanical service carried out by Gauduel, Ferrari and Maserati dealership in Lyon. On this occasion, the wear measurement of the clutch was carried out and only shows 25%. This Spider is of course accompanied by all the essential documents such as the guide, warranty, maintenance booklet, assistance manual and Becker car radio guide. It will also be delivered with its duplicate key,

luggage, and Alfa Romeo cover. It is ready to hit the road to offer you the best: rarity, fantastic style, outstanding performance, convertible bodywork, complete documentation, and presented in an enviable condition. A tribute to the legendary models of the manufacturer, this will certainly be the last model produced with such features which make it an exceptional collector's car.
