### Description

Transmission: 3 gears, Automatic

Model year: 2021

Registration number: JV-20-VN

This beautiful De Tomaso Deauville Series 2 is an original Dutch supplied model. It was first registered on the 6th June 1983. Quite unique because how many out of a total of 244 models produced were supplied to the Dutch market? This series 2 distinguishes itself from the previous model by different style buyers and a completely re-styled and improved interior. The car's history is for the greatest part well-know and recored. Amongst other items a 1987 Dutch MOT rapport and the original registration documents are present. In 1998 the was sold to someone in Belgium. It stayed there until it was repatriated to the Netherlands in 2011, when the original number plate registration was restored to the car. When it did come back to Holland, about €15,000 was spent on the car. Everything that required attention was taken care of including a carburettor revision and the fitting of a new stainless steel exhaust system. This De Tomaso has only had four owners and has clocked

up some 84,803 km. This De Tomaso has never fully been restored and is therefore more or less completely authentic. It has had a re-spray in the original 'Marrone' finish. The superb authentic leather interior trim is in great condition with a lovely patina. The powerful 5.7 Cleveland Ford V8 runs just fine and is coupled to the very reliable Ford C6 transmission. In short a superbly beautiful and original example with matching provenance.
