Trade-in car. Project. A rare 1964 LHD Falcon CaribbeanMk3. Of the approximately 2000 produced this was one of the last in the line of cars built. It was also the most popular model produced. The Italian tinted model was in production between 1959 and 1964. Our Falcon is in a good and well-maintained condition. The chassis is rust-free and the fibreglass bodywork is nice and neat. The paintwork is fair but would benefit from a re-spray. This Falcon was sourced in Sweden and has Swedish paperwork. The engine is running but the car has not been used for a considerable while. Please note that this car is being kept at our annex and can only be viewed by appointment only.
