This very fetching 1966 Oldsmobile Dynamic 88 convertible is in particularly original condition. It was procured in Santa Monica, California. This 6th generation Oldsmobile Delta series stands out because of its spectacular presence and splendid, classic dashboard configuration. It has an authenticated low-mileage of just 29,710 miles as confirmed on the Californian title documents. It is difficult and rare to find such fine, low-mileage specimen. The wonderful bodywork is straight and has correctly fitted body panels. The paintwork and chrome details are second to none! The interior trim is in exceptional and authentic condition. It has a matching Burgundy red cloth electrical soft top. The smooth 300 Hp 425 Ci Super Rocket V8, coupled to a 3-stage Turbo Hydra-matic transmission, runs fantastically.

The whole driving experience is flawless. The car come documented with its original owners manual and wallet. One could sums things up by stating that this is an especially fetching 60's American convertible!
