Each Bracelet is crafted by hand thanks to the artisanal savoir-faire of a British workshop.

The world's oldest active sports car race in endurance racing held annually since 1923 in Le Mans, France. It is the most prestigious automobile races in the world and has been called the "Grand Prix of Endurance and Efficiency".

The race is organized by the Automobile Club de l'Ouest (ACO) and is held on the Circuit de la Sarthe, which contains a mix of closed public roadways and dedicated sections of racing track, in which racing teams must balance the demands of speed with the cars' ability to run for 24 hours without mechanical failure.
