ARSÉN MANUKYAN WORK OF ART

"My most significant source of inspiration is the line, and how it can be shaped to create an elegant or a brutal look. I love drawing a curve of a fender, creating the rough surface of a tire, or adding highlights to make the piece stand out.

My style is precise, detailed and realistic. All of my work is painstakingly crafted with Caran D'Ache oil pencils, usually small enough to fit in the palm of your hand but detailed enough to see the squares of a grill. There is no room for error when you are drawing at that scale, so I strive for perfection every time"
